Quiet woodland setting within walking distance to Niseko Hirafu Ski Lifts.

One of the last large land parcels within the St Moritz sub division on the outskirts of Niseko Hirafu Ski Village. This land gives a future owner several opportunities to build one or several investment properties into the future, as development in the Niseko Hirafu area continues to increase. An existing easement on the western side of the block means protected space between any future buildings on the western side of over 10 metres. This easement also enable easier management of snow on the property during the winter months.
